

SUMMER 2005

Beloved, thou doest faithfully whatsoever thou doest to the brethren, and to strangers; Which have borne witness of thy charity before the church: whom if thou bring forward on their journey after a godly sort, thou shalt do well: Because that for his name's sake they went forth, taking nothing of the Gentiles. We therefore ought to receive such, that we might be fellowhelpers to the truth. 3 John 5-8

God has opened a three week hole in our schedule enabling us to be back in Oklahoma City to take care of some needful things, such as preparing the house for sale. We feel that God would have us sell the house in Oklahoma City where we have lived for 25 years and move full time into the ministry motor home. Our home base will remain in Oklahoma City and our sending church will remain the same. Please pray with us that God will have His will and way in this matter.

Since our last newsletter, we have been in churches and conferences from Missouri to Maryland to Utah to Texas to Ohio to Arkansas with some repeat trips back and forth to these states. It has been our privilege to meet along the way some of the pastors and parents of HBBC students. These have been special times of blessing as we talk about the students and what God is doing in their lives.

We have met missionaries on deputation and those home on furlough who have told us stories of those they know who have had to evacuate for medical or other reasons on short notice. Also, I am finding that many more of our missionaries than I originally thought are on the field with little to no insurance, especially aero medical evacuation coverage. Several missionaries have asked concerning communications from the field and I have been able to make some recommendations to them for when they get on their specific field.

The young people in the churches where we have been have been very receptive to missions. They want to get involved now in some way and are open to God's will for their lives for whatever He would have them do after graduating. We praise Him for these young people and their availability for His work.

I received three calls for assistance on the same day just a couple of weeks ago. A 17 year old missionary's daughter with ruptured ovaries needed evacuated from Mongolia, a 12 year old missionary's son with a growth near his heart choking off the blood supply needed evacuated from Trinidad, and a 56 year old missionary lady with a broken hip needed transported from southern Mexico. This was our busiest day yet. I did what little I could to help get them in touch with those who could get them out or recommended certain courses of action they should pursue. I was able to confirm for one family that the \$16,500 cash up front requested by the air ambulance company was not out of the ordinary for their situation. **Please pray for your missionaries.**

Please continue to pray that God will move through His people and provide more churches to co-labor with us in taking care of our missionaries in an emergency.

The grace of our Lord Jesus Christ be with you.

Paul & Anita McCaulley
